## AWARD MESSAGE

Hello I would like to recognize Carl for his efforts as the new architect to this team .He has filled the gap left by Adam so quickly and has been a great collaborator with the key technical resources in the team . I liked the way he brought in the Web interface demo(DNN) for Tricare in a quick time and convinced the team with some solid explanations .Above all Carl is a very friendly person to interact with and has good listening ears which I rarely find in the team :).
